

Poly Studio V72

Product Brief

Easily install the Poly Studio V72 USB premium video bar in PC-based large rooms for scalability, advanced AV and certified cloud video app compatibility.

People Take Center Stage

Transform the way your teams collaborate in large rooms. Our USB video bar's built-in, latest gen AV tech, Poly DirectorAI, NoiseBlockAI and Acoustic Fence help you create better connections, so no one feels left behind, no matter where they are.

Flex your Big-room Setup

Purpose-designed for large room use. Easily customize your PC-based or BYOD conferencing setup with the flexible and premium USB video bar. Just add Poly peripherals¹ as needed and enjoy a consistent audiovisual experience all around.

Enterprise-grade Management

Poly Lens remote device management gives you better visibility into workspaces across the entire organization. With multiple ways to manage, IT professionals can remotely monitor, update, and troubleshoot Poly devices on their own terms.

Purposefully Designed. Responsibly Made.

Containing recycled plastics² and shipped in paper-based packaging³ derived from at least 60% recycled materials, this USB video bar enables more impactful meetings in large rooms with less impact on the environment.
